JUSTIN THOMAS

SENIOR MANAGER – EPC BIDDING | COST ESTIMATION, VENDOR MANAGEMENT & CONTRACT ADMINISTRATION

Renewable EPC (Wind BoP-transferable · Solar · BESS) · Hyderabad, India · Open to relocation – Pune
+91 94466 74610 · justinthomas1992@gmail.com · linkedin.com/in/justinthomass

PROFESSIONAL SUMMARY

Senior Manager with 11+ years across the renewable EPC value chain — EPC contractor, Owner's Engineer, IPP / developer and government tendering agency (SECI) — on ~3.9 GW of utility-scale solar and ~1 GWh of BESS. Combines technical expertise, commercial acumen and leadership skills to support end-to-end EPC bidding: BOQ preparation, cost estimation, vendor quotes and negotiation, technical and commercial compliance, risk assessment and contract administration.

Hands-on construction knowledge of civil foundations, installation, electrical, 33 kV collection, HV transmission up to 145 kV, pooling substations and balance of plant (BoP) — directly transferable to Wind EPC scopes. Focused on compliant, profitable proposals, cost benchmarking against actuals, EBITDA protection through disciplined scope definition and vendor development, and direct client engagement with developers, IPPs and OEMs. Certified Lean Six Sigma Green Belt; builds and mentors capable teams.

KEY SKILLS & COMPETENCIES

- End-to-End EPC Bid Management & Tender Submission
- Cost Benchmarking & Estimated-vs-Actual Variance Analysis
- RFQ Tracking, Tender Calendar & Deadline Adherence
- Vendor Negotiation, Procurement & Supplier Development
- Bid Risk Assessment – Technical, Commercial, Contractual
- Performance Guarantees, Interim Valuations & Final Accounts
- Wind / Renewable BoP – Civil, Electrical, Transmission, PSS
- Team Leadership, Mentoring & Capability Building
- Cost Estimation & BOQ Preparation
- Pricing Strategy, Profit Margin & EBITDA Management
- Pre-Submission Technical & Commercial Compliance
- Approved Vendor Panel & Vendor Performance Reviews
- EPC Contract Administration – Milestones, Variations, Claims
- Client Relationship Management – Developers, IPPs, OEMs
- QS & Project Management Tools – MS Project, AutoCAD, MIS
- Strong Communication & Negotiation Skills

PROFESSIONAL EXPERIENCE

Manager – Electrical Projects | Amara Raja Infra Pvt. Ltd. (ARIPL) — *Aug 2025 – Present*

EPC Contractor · JSW Renew Energy Thirty-Eight Ltd. — 125 MW / 500 MWh standalone BESS, Kasaragod, Kerala · Owner's Engineer: Tata Consulting Engineers (TCE)

- **EPC Scope & Cost Control:** Leads the electrical EPC scope for one of India's largest storage projects under construction, owning BOQ validation, scope definition and cost control across civil, installation, electrical, MV/HV transmission (145 kV evacuation) and balance-of-plant packages.
- **Vendor & Supplier Management:** Manages the vendor and OEM panel — Gotion, Hopewind, Shilchar, Trisquare, CG Power, KEC, Smart Grid and Fuji Electric — evaluating technical and commercial offers, negotiating scope and delivery terms, and reviewing vendor performance on quality, pricing, delivery and reliability.
- **Contract Administration:** Administers contractual obligations towards the client and Owner's Engineer — tracking scope, milestone deliverables, technical deviations and variations, and supporting commercial evaluation of variations and claims with the project and commercial teams.
- **Risk Management:** Runs a structured risk and issue register — 278 RFIs tracked to closure, NCR / RCA / CAPA — capturing technical, commercial and contractual risks and feeding lessons learned into future estimation and bids.
- **Client & Leadership Reporting:** Maintains direct client engagement through structured review meetings, proactive communication and transparent MIS reporting to leadership.

Owner's Engineer – Quality & Inspection | TQ Cert Services Pvt. Ltd. (Tata Projects Ltd.) — *Aug 2023 – Aug 2025*

Client-side authority · 500 MW BESS + Solar hybrid, Khavda, Gujarat | 1,034 MW Siyambar / Bandha Solar, Jaisalmer, Rajasthan

- **Contract & Technical Compliance:** Acted as the client's technical and commercial-compliance authority over EPC contractors on 1.5 GW+ of renewable assets, verifying adherence to contract specifications, technical compliance and performance guarantees before stage clearances.
- **Variations & Claims:** Reviewed contractor QAPs, ITPs, drawings and method statements, and adjudicated deviation and concession requests on technical merit and commercial impact — direct exposure to variation clauses and claim resolution.

- **Vendor Evaluation & Benchmarking:** Evaluated OEMs and vendors at works for modules, inverters, transformers, switchgear and battery systems, building a working benchmark of vendor capability, quality and delivery reliability.
- **Risk Documentation:** Issued and tracked NCRs and led audits, documenting contractor risks with mitigation measures and reporting status transparently to owner leadership.

Project Lead | Tata Power Renewable Energy Ltd. (TPREL) *Aug 2022 – Aug 2023*

IPP / Developer · 450 MWp / 335 MW AC Solar, Bikaner, Rajasthan | 300 MW Solar, Dholera, Gujarat

- **EPC Contract Management:** Led developer-side execution across ~750 MW in two states, managing EPC contractors against contracted schedule, cost, quality and safety commitments.
- **Milestones & Valuations:** Verified contractor milestones and punch-list closure, supporting milestone-based billing, interim valuations and COD readiness in coordination with project and finance teams.
- **Cross-Functional Coordination:** Coordinated engineering, procurement, contracts, HSE and O&M to resolve interface issues, scope gaps and change requests across multi-package sites.
- **Client Perspective:** Gained the developer / IPP view of what clients expect from EPC bidders — bid quality, responsiveness, scope clarity and commercial terms.

Project Engineer – Implementation | Solar Energy Corporation of India (SECI) *Oct 2020 – Aug 2022*

Central Nodal & Tendering Agency · 2,050 MW Pavagada Solar Park, Karnataka | 1.4 MWh island BESS, Lakshadweep

- **Tender & Regulatory Compliance:** Monitored developer and contractor delivery on one of the world's largest solar parks against tender conditions, scheme milestones and government norms.
- **Tendering Exposure:** Built the tendering, policy and stakeholder perspective that informs bid-stage technical scrutiny, regulatory compliance and contract-aware decisions.
- **Regional Variations:** Delivered a 1.4 MWh island BESS under logistically constrained conditions — first-hand exposure to regional cost, logistics and vendor-availability variations.

Electrical Engineer – Execution & O&M | KC Kopar Energy Solutions *Jun 2015 – Oct 2020*

EPC & O&M · 25.4 MW Solar, Cochin International Airport Ltd. (CIAL), Kochi, Kerala

- **Installation & Cost Drivers:** Executed installation, testing and commissioning of modules, inverters, LT/HT switchgear, transformers and evacuation infrastructure — grounding in quantities, installation productivity and site cost drivers that underpin realistic BOQs and cost estimates.
- **Lifecycle Cost Insight:** Ran O&M for the operating plant — preventive and breakdown maintenance, performance monitoring and generation reporting — informing lifecycle-cost and risk inputs at the bidding stage.

PROJECT PORTFOLIO – ~3.9 GW SOLAR | ~1 GWH BESS

Project	Capacity	Location	Role
JSW Renew Energy 38L – Standalone BESS	125 MW / 500 MWh	Kasaragod, Kerala	EPC Contractor
Khavda BESS + Solar Hybrid	500 MW	Khavda, Gujarat	Owner's Engineer
Siyambar / Bandha Solar	1,034 MW	Jaisalmer, Rajasthan	Owner's Engineer
TP Solapur Solar	450 MWp / 335 MW AC	Bikaner, Rajasthan	IPP / Developer
Dholera Solar	300 MW	Dholera, Gujarat	IPP / Developer
Pavagada Solar Park	2,050 MW	Tumakuru, Karnataka	Tendering Agency
Lakshadweep Island BESS	1.4 MWh	Lakshadweep, UT	Tendering Agency
CIAL Airport Solar	25.4 MW	Kochi, Kerala	EPC & O&M

EDUCATION & CERTIFICATION

- B.Tech (Full-Time), Electrical & Electronics Engineering — SCMS School of Engineering & Technology, Cochin (2011 – 2015) · CGPA 6.95 / 10
- Certified Lean Six Sigma Green Belt (CLSSGB)
